

12th Grade

Summer Reading

Book list and assignment

Students must choose one of the following books to read over the summer. Students must read each chapter and complete one summary per chapter for their summer reading project. This will be worth a 100 point test grade at the beginning of the year. Students will turn this in during the first week back at school. NO EXCEPTIONS. All students have been informed of this project and have signed a paper to acknowledge that they understand that they will be completing a summer reading project.

Please choose a book from the following list and complete your journal.

Entries should be neatly written or typed and one page in length (if hand written). If typed, each entry should be single spaced, 12 point Times New Roman font, and half a page long.

Students should also generate 3 “teacher questions” for each chapter. That means they should make three questions up that they would ask their students about if they were a teacher and had just finished reading the chapter.

The Grapes of Wrath by John Steinbeck
The Parable of the Sower by Octavia Butler
Wuthering Heights by Emily Bronte **

I acknowledge that I (my child) have been informed that I have a summer reading project which consists of me writing or typing a summary of each chapter in my book as well as making up 3 teacher questions per chapter. I acknowledge and understand it is my responsibility to have this assignment ready to turn in the first week, when I return to school in August.
